Book Rental

Due to the large cost involved in equipping your child for their new school year, the school has tried to cut these costs by providing as many school books as possible for rental. The children will be given their rental books on the first day back at school in September. Rented books have to be returned at the end of the school year and it is most important that they are kept in good condition. Lost rental books will have to be replaced at their full purchase prices.
